C H A R T E R

Name: ECCO

- Purposes:
1. Share ideas and internal policies/procedures relating to the international transactions of DOE contractors required to further DOE-approved or DOE-sponsored programs.
 2. Monitor and report legislative, executive and judicial changes in laws, regulations and implementation directives affecting international transactions.
 3. Recommend policies and procedures that facilitate international transactions and minimize adverse programmatic impacts.

Members: Those of the DOE community, including DOE and its contractors, who are interested in international transactions arising from DOE activities and who have elected to participate.

Meetings:

Dates - Semiannually, or as often as needed and agreed upon by a majority of members.

Locations - Rotated among the members.

Length- As short as possible, while efficiently and thoroughly discussing all issues of membership interest.

Chairperson:

A chairperson shall serve for a one-year term. His/her duties include organizing membership meetings, setting the agenda in consultation with the members, and preparing minutes. In addition to meeting-related activities, the chairperson shall provide a channel for sharing information of common interest as may arise between meetings.

Limitation of Authority:

1. Members may decide on internal ECCO procedural matters, but not on substantive or laboratory-binding policies.
2. Although members represent their laboratories, they may not commit their organization to any specific export control actions based solely upon a position taken by ECCO.
3. A majority of the members may amend the ECCO charter at any time by formal vote.
